RISING WET WAVE CAUSING ANXIETY

Reports Show Growing Anti-Prohibition Revolt

SENDING FORTH S. O. S.

Six Per Cent. Measure in New York Assembly—Prepare Probe of Anti-Saloon League.

New York, March 3.—Eastern "drys" are using all their power in efforts to combat the "wet" wave sweeping over this section from New Jersey to the northern boundary of Massachusetts.

S. O. S. calls are emanating from William H. Anderson, head of the New York Antisaloon League.

The biggest waves which struck the "dry" ship were:

Gov. Edward I. Edwards, of New Jersey, signed a bill legalizing the manufacture, sale and transportation of alcoholic beverages containing 3.5 per cent of alcohol after peace has been formally declared by the United States.

Complete returns from the 64 Massachusetts towns holding annual elections yesterday showed that over half of them, and many of these previously "dry" strongholds, had voted "wet". Among these were Lexington and Dedham, which had been dry for 40 and 23 years respectively.

The New York State Legislature prepared to take immediate steps toward an investigation of the activity of the Antisaloon League.

Strong Republican State leaders openly began a campaign designed to bring about a plank in the Republican national platform making possible the nullification of prohibition as now in force.

Governor Edwards, in signing the "New Jersey beer bill," declared his belief that "this day we have struck a note that will echo throughout the land." He then gave voice to the following pithy paragraphs, among others:

"The Volstead act, I am advised by lawyers, makes a criminal of any housekeeper whose preserves, by natural process, produce more than one-half of 1 per cent alcohol.

"Although this Volstead act, we are told with much inflation of the cheeks is demanded by the morality of the country, the founder of our churches under the Volstead act, would have been guilty of crime by turning water into wine.

"Although the Antisaloon League is continually misrepresenting my attitude, and although its sun of incompetence, William Jennings Bryan smiling around in the salaried heavens of fanaticism and his lesser luminaries, have directed his beams against me, yet they have only served to lighten the issue and not obscure my attitude."

FOR 6 PER CENT BOOZE

Albany, N. Y., March 3.—Assemblyman Cuvillier seeks to have 6 per cent. established as the boundary between intoxicating and nonintoxicating beverages in New York. He has introduced a bill permitting sale of beer and wine containing that amount of alcohol or less. Sales would be permitted in an establishment approved by the excise department for a license fee of $200.

Cuvillier also introduced the resolution, adopted by the Assembly, 60 to 53, Monday night, directing the Judiciary Committee to investigate the activities of the Antisaloon League of New York. The resolution would have the committee determine the league is a political organization and probe its expenditures.

Assemblyman Cuvillier will be recognized by Alexandrians. He was born and reared in this city, is a lawyer by profession and a son of Samuel Cuvillier.

U. S. DISTRICT COURT

Cases Against Benjamin Waters and W. A Waters and Connors Hudson Continued Until July Term

In the United States District Court Judge Edmund Waddill, today the case of Benjamin Waters and W. A. Waters, charged with having in their possession property stolen from Camp Humphreys, and Connors Hudson, charged with a similar offense, were continued until the July term on account of the indisposition of Benjamin Waters.

The case of John Eyler, charged with conspiracy to defraud the United States government, was submitted to the jury after the accused had made a statement. They returned a verdict of not guilty. The court is expected to adjourn for the term today.

FATAL RESULT OF FIGHT

General Revolver Battle Follows Alleged Blow Struck Hotel Keeper's Wife

Shenandoah, Pa., March 3.—Frank Machesse, 32 years old, is dead, and four others, Michael Bronzo, age 23; Michael Brazilla, age 25; Charles Zamcrosky, aged 37, and Edward Krick, age 26, are in a dying condition at the State Hospital at Fountain Springs from gun shot wounds received in a fight about 6 o'clock last night in Louis Maff's hotel, Girardville.

Late yesterday evening Michael Bronzo entered the place and called for a drink. Mrs. Maff who was behind the bar requested Bronzo to pay her two dollars, which she claimed he owed her. Bronzo denied owing the money and, it is said, struck Mrs. Maff in the face. Brazilla, a bartender, pulled a gun and opened fire.

In a few minutes every occupant of the place pulled a revolver and began to shoot. Machesse staggered to the door and fell dead in the street, after firing a shot at Edward Krick who disappeared in a house across the street.

The State police answered a riot call and found the others lying on the floor. The proprietor of the place and two of the girls made their escape.

Several of the occupants who escaped injury have been placed under arrest. Machesse, the dead man, served with the colors in France for two and a half years. The gun which he used in the fight was taken from a German and brought home as a souvenir. One chamber was empty.

PRICE OF SUGAR

Drop Will Follow Break in Cuban Price, Says G. H. Earle, Jr.

Philadelphia, March 3.—Sugar will retail at 16 cents a pound in Philadelphia within the next few days, according to George H. Earle, Jr., head of the sales department of the Pennsylvania Refining Company. The lower price, said Mr. Earle, will result from the break in refiners' prices to 14 cents a pound following the drop in raw sugar in Cuba, which yesterday sold at 11 cents a pound delivered at New York.

"Unloading by Cuban sugar planters and the releasing of large quantities held in Cuban warehouses, as well as the settlement of the Cuban strike and the renewal of shipping following the storm, have been factors in breaking the sugar price," said Mr. Earle.

"Until old orders taken by the refiners before the break in prices occurred are filled, there will be no decrease in the retail price. But these will be disposed of quickly and then the new raw sugar price will become the basis for retail price. At the new price of 14 cents a pound any retailer asking more than 16 cents a pound for sugar will be guilty of profiteering.

SEEK HOTEL ROOMS

Tourist Season Opens With Rush. Big Influx from America Expected

London, March 3.—Arrangements are being made in haste to receive the great American invasion of England promised for this spring and summer.

The offices of the United States consulate general in Cavendish square have been deluged with applications for hotel accommodations, says the Daily Mail, and among the first to apply for suites were twenty-two American millionaires.

DRY DEPARTMENT PROBE AGREED UPON

House Resolution Adopted Without Recorded Vote

SLIGHT AMENDMENT

Senator Mapp, Dry Leader, Withdraws Opposition to Probe, but Insists That it is Unnecessary.

Richmond, March 3.—Called out of its order by Senator G. Walter Mapp, leader of the dry forces the House joint resolution calling of a complete investigation of the office of Prohibition Commissioner, was, after brief discussion, concurred in yesterday afternoon by the Senate without a recorded vote.

Efforts to have the resolution amended so as to give the Governor authority to appoint one member of the investigating committee failed by a vote of 22 to 14. Senator Oliver offered this amendment.

As the resolution goes back to the House, it provides for the appointment of four members of the Legislature—two by the President of the Senate and an equal number by the Speaker of the House—to serve with the State Accountant on the committee charged with the investigation. Originally, it provided for the naming of three from the House and two from the upper body, but Senator Mapp insisted that the two houses are of equal dignity and should be represented equally on the committee.

Senator Mapp explained to his colleagues that he did not have the resolution brought up because he thought there is in it a particle of merit, but he would vote for it in response to a request from Commissioner of Prohibition J. Sidney Peters.

"You will note," he said, "that the resolution comes from the Committee on Moral and Social Welfare with the recommendation that it do not pass. that was done on my motion. I believe the resolution is predicated on the flimiest sort of excuse and is intended simply to hound Dr. Peters and destroy the usefulness of the department. The investigation is absolutely useless. Auditor C. Lee Moore appeared before the committee and testified that the accounts of the department are in good shape. In the light of all these things the resolution flavors largely of persecution, but I shall vote for it simply because the official at whom it has been aimed asked me to do it."

Senator Saxon Holt declared that he is one member of the General Assembly who cannot be accused of persecuting the head of the Prohibition Department.

"I don't approve of the office and I believe it should be abolished," he said. "But I do not believe this investigation is warranted. I hope it will satisfy those people who are clamoring to have it done. There is one conviction, however, that I have and that is that the Governor should have the apointment of one member of the committee."

Senator Mapp declared he would have to object to this suggestion.

"I don't believe," he said, "that the Governor would want to be placed in a position of being criticized, in view of the fact that he has recommended in his message that the department be abolished. The chief executive has never had the naming of a member of a strictly legislative investigating committee. If the people of Virginia haven't confidence in the General Assembly, it is time, I believe, that we resigned and allow them to select one in which they will have confidence."

The resolution was introduced in the House by Delegate Joyce, who had associated with him a number of copatrons. It provides for an immediate investigation.

FUNERAL NOTICE

CARTER—The funeral of Irving Chesterfield Carter, who died March 1, 1920, at the home of his parents, William A. and Hester V. Carter, 606 South Washington street, will take place at Roberts' Chapel, M. E. Church, Thursday afternoon at 2:30 o'clock. Relatives and friends are cordially invited to attend. 53-1p

COMING!

Century Revue

A rare treat is in store for all the people of Alexandria who attend the "Century Revue" on March 18, 1920, at the Westminster Building.

This entertainment will be bound to strike the eye of everyone, for it will consist of musical, literary and humurous acts. Most of the talent received is well known in the professional world in New York.

The various committees who are busily arranging a delightful and unique program feel sure all those who attend will be amply repaid.

Watch for further announcements as to who will be on the program. 54-1c

DEATH OF E. K. SULLIVAN

Mr. Edwin K. Sullivan, a former resident of this city, died at his home, 704 E Street, northeast, Washington, on Saturday, and the funeral was held from his late home at 11 o'clock yesterday morning. Interment was in Glenwood cemetery.

Mr. Sullivan married Miss Meta Ticer, of this city, a sister of Mrs. Claude W. Fletcher.

BAN FREE GARDEN SEED

The Senate Agriculture Committee yesterday voted to abolish the free distribution of garden seed by Congress when it struck out an appropriation of $220,000 for that purpose during consideration of the agricultural appropriation bill.

ACQUITTED BY JURY

Arthur Welch, charged with having on his premises goods which had been placed in charge of the Chesapeake and Ohio Railroad Company, was acquitted by a jury in the United States court for the Eastern District of Virginia yesterday afternoon, Judge Edmund Waddill presiding.

A nolle prosse was entered in the case of George Welch, a brother of Arthur Welch, in this court yesterday, also charged with being a party to the offense.

SCHLESWIG-HOLSTEIN

State Commissary on His Way to Berlin to Prevent an Ultimatum to German Government

London, March 3.—Representatives of Schleswig-Holstein political organizations, together with members of various political parties assembled at Flensberg, Holstein, yesterday to proclaim the emancipation of Schleswig-Holstein from Prussia, and the establishment of a new state, says a dispatch from Flensburg.

According to the dispatch the state commissary, Dr. Koester, in an address said:

"I am going to Berlin this evening to hand over this declaration of independence."

PRICES HIT TOBOGGAN

Lawrence, Mass., March 3.—Prices of food commodities and clothing have hit the toboggan in Lawrence as a result of operation of the co-operative department store established by President William M. Wood, of the American Woolen Company, for the benefit of his 15,000 operatives.

The general public cannot buy from Mr. Wood's stores, but so low were the prices charged to the workers in his factory that the merchants of the city were forced to reduce their prices.

Men's suits that cost from $50 to $60 in December may now be purchased for $18 and $35; women's suits, selling at $85 two months ago are listed at $25 today. Meat prices have dropped 50 per cent, fresh eggs cost 69 cents, 95c cents being the cheapest they could be bought for in December.

WILL ASK DOLLAR FROM EACH MASON

Expect to Raise Two Million Dollars For Memorial Temple

TO OBTAIN DESIGNS

Temple to Cost $1,500,000 and Endowment Fund Will be $500,000—Country Divided into Ten Regions.

A dollar from every Mason in the U. S. is the plan proposed to raise the fund for the erection of the temple in Alexandria to the memory of Washington the Mason which the George Washington Masonic National Memorial Association proposes to erect in George Washington Park.

When the movement was first inaugurated by C. H. Callahan, of this city, it was proposed to raise $500,000 and later it was decided to raise $1,000,000.

On account of the general expenses incident to construction it is now proposed to make the grand total to be raised $2,000,000 and to use $1,500,000 for the construction of the temple and have $500,000 as an endowment fund.

The association at its tenth annual meeting held here mapped out the plans for collecting the fund. The plan provides that the forty eight grand jurisdictions be divided into regions, each of which are placed under a regional superintendent who appoints assistant superintendents in each grand jurisdiction in his region and who in turn carries the work to the subordinate lodges.

All printing and advertising expenses are to be borne by the ways and means committee and drawn from the accrued interest now in the hands of the treasurer thereby saving the initial fund in its entirity.

The plan has developed only in a few states, but met with imminent success wherever it was put into operation.

An evidence of the feasibility of the plan, it is stated, was demonstrated at the recent meeting of the association when the representative from North Dakota raised $7,500 in his jurisdiction in six weeks and the representative from Illinois raised $125,000 in about the same time.

Others also met with equal success, but owing to the fact that the campaign was not launched until the late autumn or early winter sufficient time was not had to complete the canvass.

Members of the association feel sanguine that the plan will be accomplished within a very short time and will be a success.

At the recent meeting thirty-seven states were represented with more than 100 delegates in attendance. More progress was reported in raising funds than in any previous year.

At the close of the recent meeting a committee was appointed to prepare plans and specifications and designs for the proposed temple and also to obtain tentative estimates of cost of construction. This committee will make its report at the next annual meeting of the association.

IN MEMORIAM

In sad but loving remembrance of our dear baby, Agnes M. Corbin, who departed this life two years ago today, March 3, 1918.

We had a little treasure once,
She was our joy and pride,
We loved her, oh, perhaps too well,
For soon she slept and died.

All is dark within our dwelling,
Lonely are our hearts today,
For the one we loved so dearly,
Has forever passed away.

By her Mamma and Papa.

Darling little Agnes, she has left us,
Left us, yes, for evermore,
But we hope to meet our loved one,
On that bright and happy shore.

By her sisters and brothers.

ATTITUDE CHANGING

Allies Realize Germany's Ruin Would Be Dangerous to All Europe

London, March 3.—A noteworthy phase of the present meeting of the Peace Conference is the changed attitude toward Germany. In high diplomatic circles it is asserted that the conference has come to recognize that Germay ruined would mean a weak spot, and a dangerous spot, in Europe.

Great Britain, and personally David Lloyd George, the British Premier, are credited with being the chief forces in bringing about this policy. The French peace delegation is described as moving toward this point of view reluctantly, although it is moving. It is asserted that the French are less immovable than when M. Clemenceau was at the helm of State.

The question of finally fixing Germany's war indemnities at a specific sum also is being discussed.

OPPOSES PETERS IN CAUCUS

Prohibition Commissioner to Have Strong Rival When Democratic Legislators Vote Thursday

Richmond, March 3.—Friends of both J. Sidney Peters and Harry B. Smith are sanguine of success as the time draws near for the nomination of a Commissioner of Prohibition, to fill that office from September 1, year to the same date in 1922, when it will be abolished by statute.

"The rumor that I will withdraw my name from the consideration of the Democratic caucus on Thursday night is absolutely unfounded," Mr. Smith said last night, when he reached Richmond from his home at Culpeper. "I am in the fight to stay, and am confident that I will win."

Supporters of Dr. J. Sidney Peters who is a candidate for renomination to the office he now holds, are likewise sure of the success of the present commissioner. It is claimed that he will have a majority of about fifteen, even admitting that those members of the caucus classified as doubtful all will vote for Mr. Smith.

Mr. Smith formerly was a member of the House of Delegates, and at the 1918 session of the General Assembly was chairman of the Committee on Roads and Internal Navigation. Acting in this capacity at the special roads session of 1919, he took a prominent part in the legislation that carried into effect the State's ambitious highway program. He has been known throughout his career as a "dry" man.

Dr. Peters has been commissioner since the creation of the office in 1916. Tis supporters contend that knowing the situation, as he does, with respect to the enforcement of the prohibition laws, he is the logical man for the remainder of the life of the office.

IN MEMORIAM

In sad but loving remembrance of my dear grandfather, George L. Baumgardner, who departed this life one year ago today, March 3, 1920.

One year has passed, our hearts still sore,
As time goes on, we miss you more
Your memory is as fresh today
As in the hour you passed away.

A precious one from us has gone
A voice we love is stilled,
A place is vacant in our home,
That never can be filled.

By his devoted granddaughter,

EARLY PRECAUTIONS

With the announcement that he is going to fight for a strict enforcement of Safe and Sane Fourth of July regulations this year, a Philadelphia Councilman had a resolution adopted by the Council yesterday to clinch the matter. The resolution asks the City Solicitor for an opinion whether the present Acts of Assembly and ordinances of Councils are sufficiently comprehensive to prohibit the use of all fireworks, sparklers and explosives of all kinds in the city of Philadelphia.

Four months will have passed away before the dawn of the Fourth of July, but the Councilman of the city of brotherly love is taking Time by the forelock. The authorities of Philadelphia have for years been engaged in a movement to obliterate the dangerous features from the celebration of Independence Day and Christmas. In the past more serious and fatal accidents have occurred in that city on the Fourth of July and Christmas from the careless use of explosives than in any place in the country. Most of the accidents were to boys, but the youngsters were egged on by their elders in most instances.

During the past two score years Alexandria has enjoyed comparatively safe and sane celebrations of Independence Day and Christmas. Last Christmas was as quiet as a Sunday. Explosives, forbidden by state and city laws, were conspicuous by their absence. Enforcement of the prohibition law had much to do with the tranquil conditions which should always prevail in celebrating the birth of the Prince of Peace.

LATE SENATOR BANKHEAD

"In the death of Senator Bankhead the Senate loses the last witness in that body to the fact that the bloody chasm, which once separated the North and South, has disappeared as completely as if it had never existed" says the Baltimore Sun. "There have been many noble witnesses in the Senate to that fact before—such famous Confederates as John W. Daniel, of Virginia; Hampton of South Carolina; Augustus O. Bacon, of Georgia; Edmund W. Pettus and John T. Morgan, of Alabama; Joseph C. S. Blackburn, of Kentucky; John B. Gordon, of Georgia; Samuel D. McEnery, of Louisiana, and Joseph F. Johnson, also of Alabama, and all of them numbered as many friends and admirers among men from the West and North as among their Southern associates. Senator Toombs, of Georgia, boasted at the beginning of the war that he would live to call the roll of his slaves around Bunker Hill Monument. Something far better happened. Men like Daniel, Hampton and Bankhead lived to answer the roll call of freedom in the capital of a united nation, and to be welcomed as brothers by adversaries who honored manhood and courage. Perhaps there is nothing in history which parallels the general good will with which these old Confederates were received in the House and in the Senate. Union nobility and unaffected kindliness met Southern chivalry halfway and matched it in splendid Americanism.

Senator Bankhead was a manly, strong, straightforward man who deserved the respect in which he was held in Washington and in his own State. The Senate will miss him, but Senator Nelson, of Minnesota, and Senator Warren, of Wyoming who served as privates in the Union Army, will miss him most of all. They belong, with him, to a day that is dead as to hate, but alive with the glory of great memories. All of them took part in a struggle, which enlisted their whole hearts, and they felt drawn to him as one who, like themselves, had lived in an epoch which ennobled men's souls."

LANE'S VALEDICTORY

"Words of truth and soberness come from the lips of Secretary Lane as he leaves an office which for 7 years he has filled admirably." These words are from a northern republican paper, which also says "no member of President Wilson's Cabinet at any time has been more generally or deservedly esteemed, although his labors have not been spectacular. Out of bitter experience he tells of the strange hold which bureaucracy has on all functions of government and even on the men in supposedly executive positions.

In order to prevent possible fraud or error all kinds of ridiculously drawn safeguards around action until red tape is choking all men save those with courage enough to disregard it, and apparently there are few such in Washington.

Our chief difficulty from a practical point of view lies in lack of responsibility. Our President has more power than any king or autocrat in the world and is responsible only to the law and public opinion while he is in office. A Congress in opposition may have some restraining influence in the matter of appropriations, but that is about all it can do. In the meantime red tape grows, but it is hard to see how it can be wholly avoided so long as we maintain our present system."

EYES OPEN TO THE TRUTH

One reason for the collapse of the French railway strike seems to have been the general disinclination of labor to support the strikers by joining them. Without this even the prompt action of the government in keeping trains running might not have had so immediate an effect.

The best hope of ending all these assaults upon the public welfare—for such in effect they are—lies in the perception by workingmen as a whole of the fact that the injury of one is the injury of all, and that increases in wages which complicate the problem of the cost of living are but a Pyrrhic victory.—(Philadelphia Inquirer.

FAMILY ALL WELL?

When Your Friends Ask That, Can You Always Say "Yes"?

Pepto-Mangan Builds Red Blood

The Happy Family is the One Where Everybody Has Red-Blooded Health

Children should not be pale and wan. Women should not be tired, weak and blue. Young girls should not be sallow, listless and anemic. Men should not feel run-down and poorly.

Poor health and lack of vitality are often merely the result of impoverished blood.

Gude's Pepto-Mangan is for people whose bodies suffer from lack of proper blood nourishment. Pepto-Mangan enriches the blood and increases the number of healthy red blood cells, which are so necessary to carry the proper nourishment, vigor, business, and strength to every part of the body.

It contains the very properties that are so sorely needed to build up thin, watery blood. Physicians call it the Red Blood Builder.

For your convenience Pepto-Mangan is prepared in two forms, liquid and tablet. Both contain exactly the same medicinal value.

Insist on the genuine Pepto-Mangan. To be sure you are buying the genuine Pepto-Mangan, ask your druggist for "Gude's". And be sure the name "Gude's" is on the package.

WIFE SUES "HEALER"

Mrs. Lelia A. Longley Alleges Cruelty in Suit for Divorce

Washington, March 3.—Declaring that when she asked her husband for money with which to obtain food for herself and children he gave her a slap in the face, Mrs. Lelia A. Longley, through her attorney, W. A. Lee, yesterday, asked the District Supreme Court to award her a divorce from Horace E. Longley, whom she married June 27, 1916, in Nelson county, Va.

Longley declares himself a "divine healer," the wife charges, but makes more money when he works at his trade as a carpenter.

SAVED BY STEAM SHOVEL

Ohio Watchman Lowers Scoop Into River and Picks up Friend

Columbus, Ohio, March 3.—David Elkins, of Columbus, a watchman employed to patrol the river bank here, was saved from drowning Sunday when another watchman lowered a steam shovel into the river and scooped Elkins from 12 feet of water.

Elkins had slipped on the bank and fallen 60 feet into the river, fracturing a leg. Elkins' companion lowered the shovel in the river where he saw bubbles rising and saved the drowning man.

RAIL FACTIONS AGREE

Unions Will Cooperate With Government and Operators

Washington, March 3.—Definite steps were taken yesterday toward settlement of the railroad wage controversy which has been pending since last August.

Representatives of railroad workers with the exception of one group, agreed to cooperate with the government and the railroads in giving a trial of the new transportation act with its arbitration clauses and President Wilson, in letters to both the Association of Railway Executives and heads of the fifteen workers' organizations, requested that they select representatives to sit on the bipartisan wage board. Prompt action was urged by the President.

The one group of workers which has not entered into the agreement "to go along with the President," was the Brotherhood of Maintenance of Way employes and shop laborers, which recently withdrew from the conference between union heads and the railroad administration. Committeemen from the locals of the maintenance union, however, will meet in Chicago tomorrow, and it was believed, would follow the lead of the other workers in compliance with Mr. Wilson's request.

In a statement last night explaining their position, the union spokesmen declared that while they could not approve of the transportation act they had agreed to aid in giving the law a trial "in the interest of railroad labor," and "as American citizens."

A SPLENDID TONIC

Says Hixon Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn., —"About 10 years ago I was," says Mrs. J. B. Gadd, of this place, "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side.

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. I have no return of this trouble.

I feel it was Cardui that cured me, and I recommended it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.

Ford

THE UNIVERSAL CAR

Every Ford Owner Should Know

Just what Ford Service is, and why it is different from ordinary garage service, and why it is more profitable to patronize the Authorized Ford Dealer?—The Ford Dealer is a part of the Big Ford Family. He carries a large stock of genuine Ford parts for repairs and replacements so you don't have to wait while he sends for them, and he uses only genuine parts because he knows the imitation parts aren't dependable and don't wear.

He has a thoroughly equipped up-to-the-minute garage with tools that enable his Ford Mechanics to efficiently and properly make any repair—from a minor adjustment to a complete overhaul. And when the work is finished, his bill represents the reasonable, standard Ford prices.

Now, we are Authorized Ford Dealers—a part of that great Ford Service organization which was formed chiefly to put within each community a dealer who would have more than a passing interest in Ford repairs and adjustments. We are prepared and equipped to render prompt, careful Ford service. Drive in or 'phone and we'll come after your car.

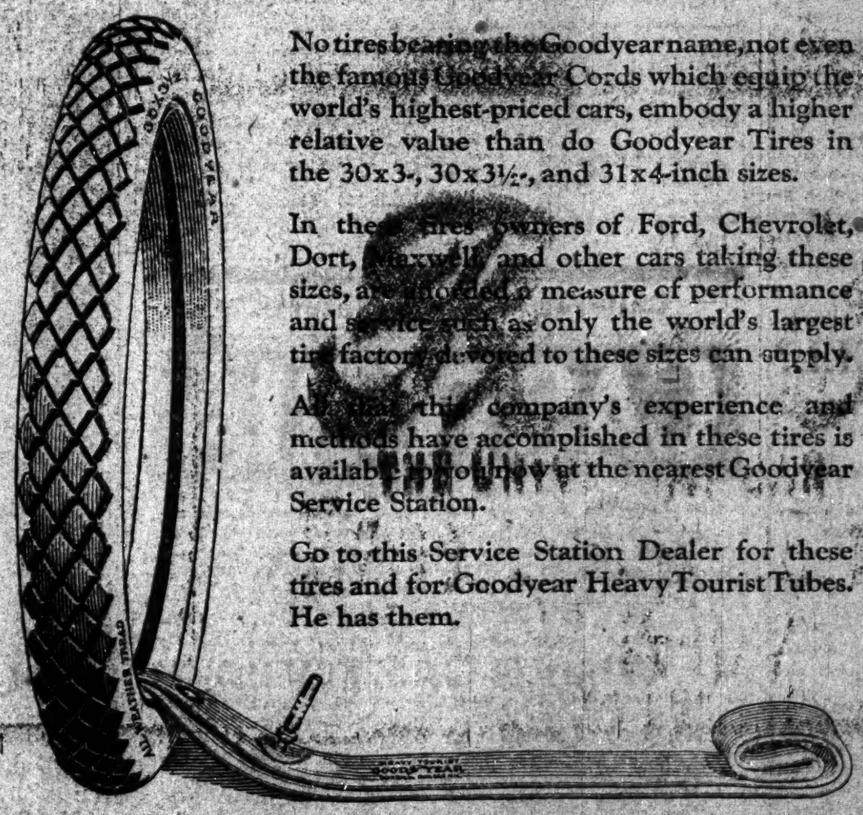
The Smaller Cars—and the World's Most Popular Tires



No tires bearing the Goodyear name, not even the famous Goodyear Cords which equip the world's highest-priced cars, embody a higher relative value than do Goodyear Tires in the 30x3-, 30x3½-, and 31x4-inch sizes.

In these sizes owners of Ford, Chevrolet, Dort, Maxwell and other cars taking these sizes, are afforded a measure of performance and service such as only the world's largest tire factory devoted to these sizes can supply.

All that this company's experience and methods have accomplished in these tires is available to you now at the nearest Goodyear Service Station.

Go to this Service Station Dealer for these tires and for Goodyear Heavy Tourist Tubes. He has them.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread $20.00

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in *waterproof bag* $3.00

VIRGINIA NEWS

Twice as much is spent by the Protestant Churches in America for janitor service as is expended for the religious education of children. This was the declaration yesterday of W. W. Jamison of the religious education department of the interchurch world movement, in an address before the 500 Virginia pastors in Richmond in the first of the inter church world movement pastor conferences in the South.

Fifteen hundred families of labor unionists will participate in a cooperative store which will be organized soon to fight the high cost of living, the Roanoke Central Trades and Labor Council announces. Officials of the council said the plan will be supported by a $40,000,000 fund to be raised by organized labor for such purposes throughout the country, as announced by the inter-national organization in Chicago February 15.

Robert B. Singleton, until last August a deputy in the office of City Collector Davis, at Lynchburg, was arrested yesterday when, according to Police Detective Childress, he was in the act of working the combination of one of the safes in the office. He was locked up, charged with breaking into the office with intent to steal. The police say Singleston admits having taken about $300. While a deputy Singleton was entrusted with the combination of the safe. Watch had been set for more than a week in order to catch the robber, and this was rewarded at midnight by finding Singleton in the office. Singleton is about 20 years of age.

Judge John Barton Payne, chairman of the United States Shipping Board, set at rest yesterday, in a telegram to Governor Davis, the disquieting report that a well organized political movement was on foot to have the Sea Training Bureau removed from Camp Stuart, near Newport News, to Boston. United States Senator Walsh, of Massachusetts, and Commissioner Donald, of the Shipping Board, were reported to have removed to the New England harbor the bureau which was secured for Hampton Roads largely through the efforts of Judge Payne. The chairman of the board, however, assured Governor Davis that no such action is contemplated. This reply came in response to a telegram that the Governor had dispatched to both Judge Payne and Senator Carter Glass.

PULLED GIRL INTO LAP

Chester Young Woman Teaches "Fresh" Youth to Watch Out

Chester, Pa., March 3.—Declaring that he pulled her down into his lap as she was passing him in the aisle of a trolley car yesterday morning, Miss Sophie Peterson, a pretty young woman, made a vigorous onslaught upon a young man, who refused to give his name, but got off the car as quickly as he could break Miss Peterson's grip upon his neck.

"No, I don't know who the fellow is and I do not want to know," Miss Peterson told the conductor of the car who suggested that she have the man arrested. "I would not bother appearing in court against such an apology of a man," declared the young man.

Miss Peterson rode a couple of blocks beyond her home in order to punish the "fresh" youth. One eye was black and blue and blood trickled from his nose as he hurried from the car jeered by passengers who refrained from interfering with Miss Peterson, as they considered her capable of looking out for herself.

WILSON SENDS PLEA

West Virginia Senators Urged to Ratify Anthony Amendment

Charleston, W. Va., March 3.—President Wilson has entered the lists in West Virginia favoring woman suffrage and ratification of the Federal amendment, according to a statement made here last night Senator Burr, of the Fifteenth district, Jefferson county, and Senator Frazier, of the Fifth district, Putnam county, today received a message from the President, requesting them to exert their influence toward ratifying the amendment.

Both senators Monday voted against suffrage, Senator Burr, who comes fom the eastern Panhandle of the State, is not expected to change his vote. Frazier's stand is uncertain. If he changes his vote for the amendment it will mean reconsideration and ratification today, when the Senate takes up the resolution again.

Reconsideration must be before the law makers today or the opportunity is lost.

SEVEN DROWN

Bohemian's Seamen Fail to Reach Rescue Tug Alongside

Halifax, March 3.—Seven lives are believed to have been lost when the crew of the Leyland liner Bohemian abondoned their ship as she was breaking up on the Sambro ledges this morning. Several others were injured.

The ship, which was bound from Boston to Liverpool, ran aground in a blinding snow storm while endeavoring to put into Halifax harbor early Monday. Sixty four passengers were taken off in safety in the morning, but most of the 120 members of the crew remained on board all day.

Late Monday night a strong swell developed and the ship began to pound heavily on the rocks. At four o'clock yesterday morning it was decided to abandon her. Three of the ship's boats got away safely, but the remainder of the men were unable to take to the boats, according to the reports received here.

The tug Roebling came as close to the stranded ship as possible and the transfer of those still on board was attempted by life lines. It is believed that the loss of life occurred during this operation.

Soon after the crew had left the vessel she broke in two and sank.

Didn't Quit Business

MERCHANTS and clerks, store and office employees, factory workers, housekeepers and other indoor workers are subject to kidney trouble—particularly if middle-aged or older. Mr. John Maltos Copperopolis, Calif., writes:

"I had a very severe case of kidney trouble and for a time thought I would have to sell out my business, as I could hardly stand on my feet. I used three bottles of Foley Kidney Pills, and they entirely cured me, and I have never had a recurrence of kidney trouble since. I certainly can recommend Foley Kidney Pills."

Poor health is the worst handicap a man or women can have in life, and good health is impossible if the kidneys are out of order.

Foley Kidney Pills

The kidneys must do their allotted task continuously without fail if the blood stream is to be kept free from poisonous waste matter that Nature intends to be filtered out and washed from the body. When the kidneys become inflamed, weak, inactive, sluggish or disordered in any way, the blood stream becomes infested with clogging impurities that cause backache, rheumatic pains, stiff or swollen joints, sore muscles, lumbago, puffiness under eyes, specks in vision, nervousness, weakness or irregularity of the bladder, waxy or dry skin, bad odor of perspiration or other symptoms.

Try Foley Kidney Pills—a safe, useful and reliable medicine that heals, strengthens and invigorates inactive, sluggish or deranged kidneys.

UPHOLDS 2.5 BEER

Denies Congress May Define Nonintoxicating Beverage Intoxicating

Milwaukee, Wis., March 3.—Manufacture and sale of 2.5 beer in Wisconsin was legalized in a decision handed down Monday by Federal Judge Geiger in the test case brought by the Manitowoc Products Company for an injunction to halt enforcement of the Vostead act.

By his decision Judge Geiger upheld the Mulberger law, thus assuming that State prohibition laws take precedence over Federal regulation. The decision resulted from the filing of an injunction suit by the Manitowoc Products Company.

The court held section 1, title 2, of the Volstead act unconstitutional The court also held that, inasmuch as the constitutional amendment prohibited only intoxicating liquors, neither Congress nor the State legislature has power to define the word intoxicating liquor so as to include beverages nonintoxicating in fact.

This is the first court adjudication on the question in the United States.

FRENCH GIRLS RUN TRAINS

Society Buds, With College Students, Aid in Breaking Strike

Paris, March 3.—The unprecedented spectacle of countesses, marchionesses, at least one princess, and a bevy of beautiful debutantes, scrubbing railways cars, making beds in night coaches and greasing locomotives, aided by youngsters in overalls, did more to take the sting out of the general rail strike, which ended last night, than any speech or optimistic statement.

When the government appealed for help the volunteer recruiting offices were besieged by smart crowds, the largest being led by Countess de Brysis, while her daughter was busy on the telephone enlisting society leaders.

Marchioness Lefevre, Princess Volno Baroness Bernets and others were quick to report for work. Baroness Charnot, president of the French Red Cross, marched hundreds of young society girls to the various railway stations and shortly afterward a train left Paris manned by millionaire crews, with blueblooded French beauties serving the passengers in the dining cars.

Count Diamones, formerly a colonel of artillery, was one of the stokers on the Paris-London express.

It was all a striking lesson to those who would conjure up a class war for the women of the aristocracy showed they can scrub floors as well as they can dance the tango and more than glad to demonstrate.

FACTORIES BOMBED

Manager of Revolutionary Print Shop Killed by Police

Barcelona, March 3.—Bombs were exploded in three factories here Monday night. Later the police raided a secret printing plant where revolutionary hand bills were being turned out. The manager of the plant offered armed resistance and was shot dead.

The police have arrested three persons charged with the recent murder of Senor Sabadell, an employer of labor and his two sons.

Bilbao, Spain, March 3.—Two persons were killed and ten others wounded Monday night in a street fight between nationalist and patriot groups.

TEN COMMANDMENTS

Pennsylvania Churches Foreward Plan for Having Decalogue on View

West Chester, March 3. —The Ten Commandments engraved upon a large ornamental bronze tablet are to face every visitor to the Chester County Court House here within a short time.

The tablet is to be erected by the Federated Churches of West Chester, which include all denominations Permission was requested of the Board of County Commisoiners late yesterday and was granted by an unanimous vote. The tablet will be placed at the main entrance to the Court House. A similar tablet has been erected at the entrance to the Court House in Pittsburgh. It is proposed to have these tablets placed at the entrance of every court house in the State.

VOTE FOR TREATY CHANGE

Washington, March 3.—The Senate voted yesterday its response to President Wilson's demand for a modification of the Lodge reservation withholding the Monroe Doctrine from jurisdiction of the league of nations and setting forth in positive terms that the United States is to be the sole interpreter of that "long-established policy." The vote was 58 to 22 for readoption of the reservation without change.

Seventeen Democratic Senators voted for the reservation, despite the warning sent to the Senate by the President that he would pocket the Senate ratification unless the Monroe Doctrine and Article X reservations were modified. When the reservation was adopted by the Senate on November 15, the vote was 55 to 34, nine Democrats joining the Republicans.

Signs Of Old Age Creep Into Your System When The Iron In Your Blood Runs Low

For Want of Iron, You May Be Old At Thirty—Nervous, Irritable and All Run-Down—While at Fifty or Sixty, With Plenty of Iron in Your Blood, You May Be Young in Feeling and Brimming Over With Vim and Energy

IRON IS THE RED BLOOD FOOD

That Helps Strengthen the Nerves, Restores Wasted Tissue and Aids in Giving Renewed Force and Power to the Body. Physicians Explain Why Administration of Simple Nuxated Iron Often Increases the Strength and Endurance of Delicate, Run-down People in Two Weeks' Time.

Old age has already sunk its talons into thousands of men and women who ought still to be enjoying the springtime and summer of life simply because they have allowed worry, overwork, nervous strain, dissipation and occupational poisons to sap the iron from their blood and thereby destroy its power to change food into living tissue, muscle and brain. You will find plenty of people at 40 who are broken in health and steadily going downward to physical and mental decay while others at 50 are strong, active, alert and seemingly growing younger every year. One class withers and dies like leaves in autumn while the other by keeping up a strong power of resistance against disease may pass the three score and ten mark with surprising health, strength and vigor. But you cannot expect to look and feel young and vigorous unless you have plenty of iron and physicians everywhere they prescribe organic Nuxated Iron—to supply the iron deficiency in the weak, nerve run-down so as to build them up into stronger, healthier men and women.

YOU ARE AGEING
If you are wearied by the activities of your daily life
YOU ARE AGEING
If your step is shrinking and your face looks wrinkled, careworn and old

Many a man and woman who is all run-down and tired out simply because their blood is starving for want of iron, says Dr. James Francis Sullivan, formerly Physician to the Out Patient Department of Bellevue Hospital (Outdoor Dept.), Medical Superintendent Nuxated Hospital (Outdoor Dept.), New York, and the Westchester County Hospital. "Thousands are ageing and breaking down at a time when they should be enjoying perfect health because anaemia or lack of iron in the blood has sapped their strength, vitality and energy. But in my opinion you can't make strength-building blood by feeding them on metallic iron, the old forms of metallic iron that go through a digestive process to transform them into organic iron. Nuxated Iron is already in a form ready for the blood to assimilate and is quickly carried to the blood cells where it enters into the circulation and gives power and energy to the nerves and tissues. Nuxated Iron is not a patent medicine nor a secret remedy but is prescribed by many of the best physicians in all parts of the country. Ask your physician about it. Or if you don't want to go to the trouble of a physician's prescription for organic iron-nuxated Iron—get it from your druggist. Take it for a few weeks and see how much better you feel and look. Nuxated Iron is sold by Sanders & Bro. and druggists everywhere.

Majority of Pastors in This Country Said to Get Less Than $1,000 a Year

Rochester, N. Y., March 3.—One of the aims of the inter church forward movement, as announced at yesterday's session of the State conference is to improve rural church conditions by bringing the salary of active ministers up to a living standard and to adequately pension retired ministers.

Statistics, showing the need for such action, not only as a matter of justice but as a matter of vital importance to the welfare development of the church and Christian religion, were given by the Rev. F. E. Smith, of Indianapolis an authority on ministerial relief.

Smith said that more than one-half of the 170,000 ministers in the United States receive salaries less than $1,000 a year. The average of the ministers in seven leading denominations is $1,122.

Theological schools are losing in registration largely because the high cost of living and the low ministerial wage do not harmonize, he said.

Registration in theological seminaries had fallen 20 per cent since 1918, and, as a result, one third of the pulpits are without pastors and one half of those having pastors have men who are untrained for their work, he said.

As a result of the small salaries paid in the past to ministers, Smith said, there were 15,7782 persons enrolled for ministerial relief. Of this number 41 per cent are retired ministers and 9 per cent children of ministers.

Of those receiving pensions, 58 1-2 per cent receive less than $200 a year, between $200 and $400 and only 8 1-2 per cent over $400 a year.

FRUIT HIT BY FREEZE

Coldest March Weather on Record Does $5,000,000 Damage to Crops

Miami, Fla., March 3.—Damage, estimated at $5,000,000, was done to fruit and vegetable crops in this section by freezing temperatures last night, according to reports received here today.

Thirteen thousand acres of tomatoes, just beginning to bear, were partly destroyed. Blossoms are falling from orange and grapefruit trees while the avocado and mango crops were also badly damaged. Few tomatoes will be shipped from here before April. Growers stated today, as a result of the freeze. The movement had been averaging forty cars a day.

The temperature dropped to 29 degrees above zero here last night, the lowest ever recorded in March.

What Are You Going to Do About Your Catarrh?

Improper Treatment Leads to a Serious Stage.

Because you have doubtless been fairly comfortable through the mild summer months, and free from the soreness and irritation of the membranes, do not make the mistake of thinking that you are rid of your Catarrh. For if you sufferest with this disease last winter, it will again be with you in all its severity unless you have eliminated entirely from the blood the germs which cause the disease.

Are you going to further temporize with a disease that leads to such a serious condition? Don't you know that you can use gallons upon gallons of local treatment without the slightest permanent benefit? Just give the matter a little careful thought, and you will realize that it is but a waste of time and money, besides seriously jeopardizing your health, to continue a method of treatment that has proven of so little value in making any real progress toward genuine benefit.

First of all find out just what causes your Catarrh. If it was merely a local irritation and inflammation of the delicate linings of the nose, throat and air passages, then you might reasonably expect to be cured by the use of local remedies. But have you ever known of one single person to be freed from the slavery of Catarrh by any kind of local treatment?

Why? Simply because they have overlooked the cause of these symptoms, and hence the treatment has been misdirected. Remove the cause of the clogged up accumulations that choke up your air passages, and they will naturally disappear for good. But no matter how many local applications you use to temporarily clear them away, they promptly reappear and will continue to do so until their cause is removed.

But if you will take a treatment that goes right down to the very source of the disease and attacks it at its starting point, then you are on the right track, and can expect results. S. S. S., the fine old fifty-year old blood remedy is an antidote to the millions of tiny Catarrh germs with which your blood is infested. Don't waste further time by continuing a treatment that can make no progress toward permanent relief, but begin to take S. S. S. today, and you will receive the same benefit that others have.

S. S. S. is sold by all drug stores. Write us for free medical advice about your own case. Address Chief Medical Adviser, 17 Swift Laboratory, Atlanta, Ga.
